STAY INFORMED ON THE STATE OF LAX

Deborah Flint, CEO of LAWA, joins LAX Coastal community for a panel discussion on the LAX Modernization Program

LAX is happening. You've seen the billboards, you've dealt with the construction, and you've probably complained about the traffic, but what is **actually happening?** Your local chamber is here to answer all of your LAX questions through our very first [State of LAX](#) event, featuring keynote speaker and CEO of [Los Angeles World Airports](#), Deborah Flint.

The LAX Modernization Program is expected to finish in 2023, and is expected to create ["121,640 additional annual jobs, with labor income of \\$7.6 billion, \\$20.3 billion in business revenues \(output\), \\$966 million in state and local taxes, and \\$8.7 billion in federal tax revenues."](#) Joining the LAWA team as Chief Executive Officer in June of 2015, Flint is the foremost authority on these upcoming plans and will shed light on the future of our world-class airport during this informative panel discussion.

"Flint leads the team responsible for returning LAX to iconic status, creating a world class, modern airport for the modern traveler and building a transportation system that will give passengers a first-class, swift, convenient, and reliable way to access the airport. Flint's responsibilities involve managing the largest public works project in the history of the City of Los Angeles and investing more than \$8.5-billion to innovate retail, food and beverage, terminal redevelopment and create an airport wide hospitality mindset. As well, Flint oversees the development and advancement of security policies and strategies that comply with federal security regulations and provide world-class law enforcement for the protection of the public and property." Our inaugural [State of LAX](#) event will take place on Wednesday, November 16 from 11:30am-1:30pm at the [Los Angeles Airport Marriott](#) (5855 W. Century Blvd., Los Angeles, CA 90045). During this event, the LAX Coastal community can enjoy a panel discussion featuring important updates by city and industry leaders detailing LAX's advancements in construction, technology, economic impact, and more. **Additional speakers include Valeria Velasco of the Board of Airport Commissioners and [Councilmember Mike Bonin](#) from District 11.**
